Real Estate Tax Changes in Rhode Island

New and increased Rhode Island real estate taxes were passed in the last days of the 2025 legislative session, despite strong opposition from the Rhode Island Association of REALTORS®. The laws and when they take effect are listed below.

>>> Taking Effect October 1, 2025

Conveyance Tax Increases - Budget, Article 5 Section 10

Conveyance taxes will increase on sales of real estate that close on or after October 1, 2025. The tax rate is based on the amount that was paid for the property. These increases also apply to sales of [acquired real estate companies](#) that are created to hold real estate.

Purchase Price	Current Rate	Rate on or after 10/1/25
Conveyance tax on the entire consideration paid (All real estate and acquired real estate companies)	\$2.30/\$500	\$3.75/\$500
The consideration paid in excess of \$800,000 (Residential real estate only and acquired real estate companies)	\$2.30/\$500	\$3.75/\$500 for the portion of the price over \$800,000

Example *(Source: RI Division of Taxation)*

On and after October 1, 2025, the formula for the calculation of the real estate conveyance tax is as follows:

- The tax rate is \$3.75 per \$500.00 (or fractional part) of consideration paid
 - Formula: $(\text{Total Consideration Paid} \div \$500) \times \$3.75 = \text{Tax Due}$
- An additional tax** of \$3.75 per \$500 applies to the sale of residential real property for which consideration paid is over \$800,000.
 - Residential property formula: $(\text{Total Consideration Paid} \div \$500) \times \$3.75 \text{ plus } (\text{Consideration Paid over } \$800\text{K} \div \$500) \times \$3.75 = \text{Tax Due}$

For example, on and after October 1, 2025, if the consideration paid for a property is \$800,500, the tax would be calculated as follows:

- Tier 1 rate of \$3.75 per \$500 on the entire \$800,500 = \$6,003.75
- Tier 2 rate of \$3.75 per \$500 applies only to the \$500 over \$800,000 = \$3.75.
- Tier 1 and Tier 2 are added together to determine the total conveyance tax due = \$6,007.50.
